Registration and Participation

Below you will find key guidelines for taking part in the StudyPLUS semester program. For details on specific offerings, please refer to the descriptions on StudyPLUS.

Program Access

Most courses this semester will be held online. For in-person sessions, location details are provided in the semester program. Please check individual course descriptions on StudyPLUS for any applicable course fees.

Registration

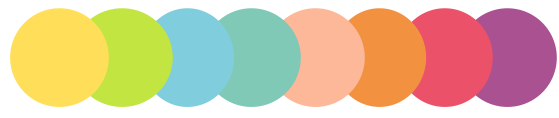

- A binding registration via StudyPLUS is required to participate.
- Click the cart button on the respective course tile to complete your registration.
- Saving a course to your wishlist does not count as registration.
- You will receive an automatic confirmation after successful registration.
- Courses will only take place if the minimum number of participants is met. Please ensure that you register only for courses that fit your schedule and match your skill level.

The registration period for language courses runs from September 8 to September 16. If spots remain available, an extension may be granted after the minimum number of participants has been reached. Deadlines for other courses can be found in their individual descriptions.

Cancellation

Can't attend after registering?

- Cancel your participation at least three days before the course starts using the cancellation button in the course listing. This also applies to courses saved in your wishlist.
- Early cancellations help us allocate your spot to other interested students.
- We kindly ask that you only register for courses you are certain you can attend.
